

August 2021

Dear Patients and Colleagues:

We are pleased to announce that Tallahassee Perinatal Consultants and High Risk Pregnancy Specialists recently joined Obstetrix Medical Group, the nation's largest provider of pediatric specialty and maternal-fetal medicine. Our practices are now part of their maternal-fetal medicine division which includes more than 1,000 physicians nationwide.

Obstetrix Medical Group along with Tallahassee Perinatal Consultants and High Risk Pregnancy Specialists share a common philosophy: to provide high quality maternal-fetal subspecialty care. This restructuring will have no impact on the quality and continuity of care that we provide to your patients, and it is our hope and goal that the practice transition will be seamless, from the point of view of patients, referring physicians, certified nurse-midwives and staff alike.

As a result of our new affiliation, we now have an incredible depth of resources available to us and, consequently, to you as our colleagues and your patients. Our practice name, phone and fax numbers, logo and locations will not change. We remain located at 3445 Bannerman Road, Suite 300, Tallahassee, FL 32312 and 111 E. Loomis Street, Thomasville, GA 31792. However, our patients will receive their billing statements from Obstetrix Medical Group moving forward. We will update your staff with new referral forms when they are ready.

It is our expectation that we will continue to participate in all insurance networks for which we have provided care in the past plus others that Obstetrix is contracted with in both Georgia and Florida. As a member of this national medical group, we are confident that we will continue to meet your expectations in providing exceptional quality care to your patients. If you have any questions, please feel free to contact any of us personally at 850-999-2651.

Sincerely,

Adanna Amanze, M.D.
